

### **Full Time – Nights 19:00pm-07:00am**

We are looking for a Registered Nurse to join our nursing staff in providing excellent health care to our patients. As a physician-owned facility, Tucson ER & Hospital's mission is to restore the provider and patient relationship through communication and individualized treatment plans. Your duty of caring for the patients coming into our facility include tasks like creating and maintaining accurate patient records, administering medication and monitoring for side effects, recording vital signs, assisting in laboratory specimen collection and testing, reporting symptoms and changes in patient conditions.

### **Registered Nurse Responsibilities:**

- Maintaining accurate, complete health care records and reports.
- Administering medications to patients and monitoring them for side effects and reactions.
- Prescribing assistive medical devices and related treatments.
- Recording patient vital signs and medical information.
- Monitoring, reporting, and recording symptoms or changes in patient conditions.
- Administration of medications.
- Assessing, implementing, planning, or evaluating patient nursing care plans by working with healthcare team members.
- Modifying patient health treatment plans as indicated by patient conditions and responses.

### **Registered Nurse Requirements:**

- 2 years minimum Emergency Department RN staff experience
- Graduate of an accredited school of nursing with current licensure with the State Board of Nurse Examiners. License must be in good standing.
- Credentials BLS, ACLS, and PALS
- Comprehensive knowledge and understanding (as outlined in clinical competencies review) of:
  - Age-specific care of patients.
  - Understanding of family dynamics and appropriate interaction.
  - Clinical competencies in abnormal lab or test values, medications and interactions.
  - Ability to effectively communicate with patients, families, physicians and hospital staff.
  - Basic computer skills.
  - Professional, friendly attitude.
